“LEFT” and “RIGHT” are always from the actor’s point of view facing the audience.

## Other Helpful Terms

**CHEAT OUT** - face the audience

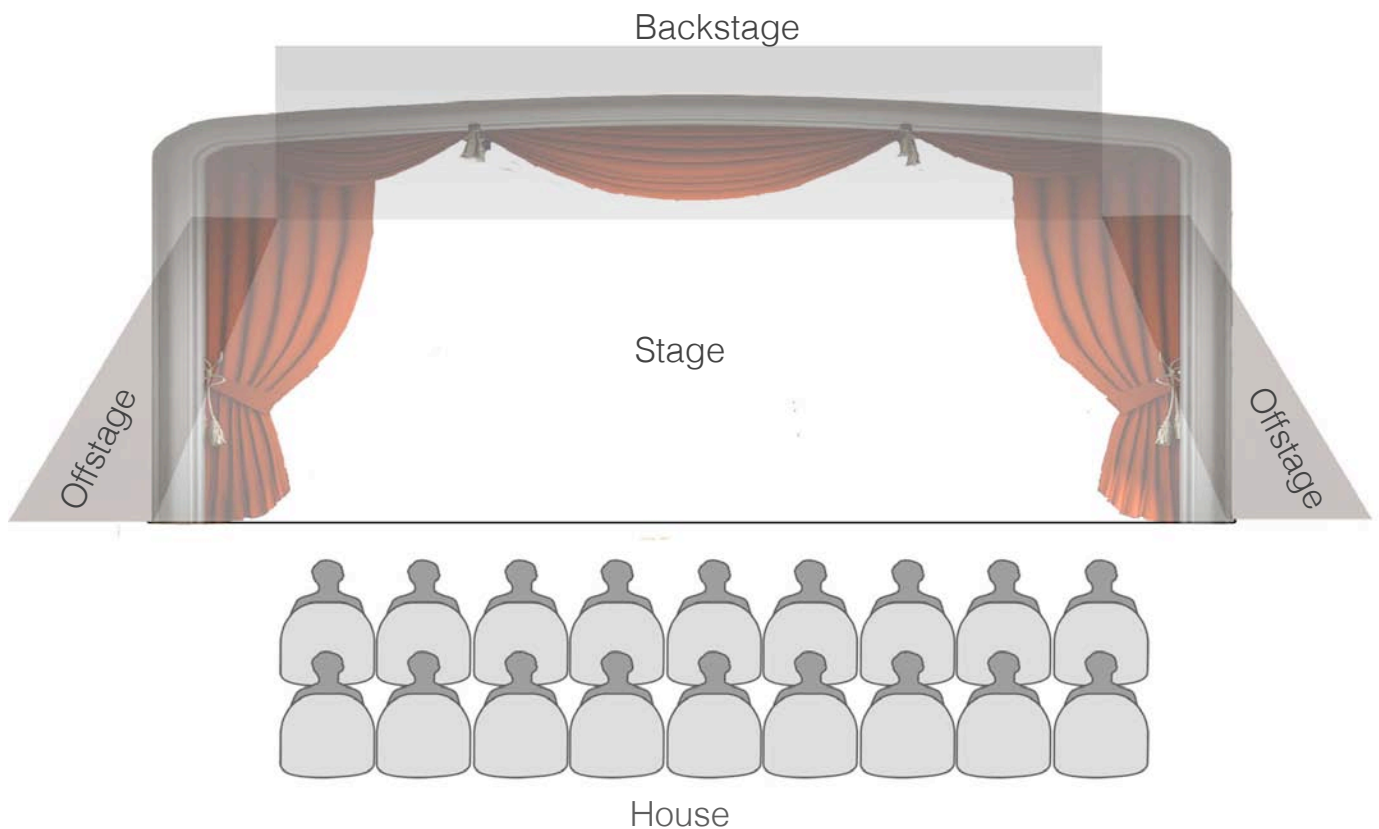

**OFFSTAGE** - off the stage and out of the audiences view

**CUE** - an action or word or music that signals what happens next

# THEATER

A **THEATER** is where the show is performed.  
(**THEATRE** is the art of performing on stage.)

The **HOUSE** is the area where the audience sits and watches the show.

**BACKSTAGE** and **OFFSTAGE** are where the actors wait. The audience should only see the actors onstage and not the actors offstage.

# Guide to a Fun and Successful Show

**Always come to rehearsal on time and be prepared with your script and a pencil.**

**When you are onstage always stay “in character”.**

**Perform your lines and songs with energy so that people in the back row of the audience can hear you.**

**When you are backstage and offstage, be quiet and don’t let the audience see you.**

**Practice everything you learn during rehearsal - memorize your lines, songs and dances.**

**Remember that every part is a BIG part and important in telling the story.**

**Collaborate with everyone - you’re all on the same team.**

# PLOT SUMMARY

In an old abandoned theatre, Targoyle and Fargoyle enthusiastically welcome monsters far and wide to the annual Monster Cabaret! Here the monsters are safe to freely express themselves without any humans around (WE ARE MONSTERS).

This year, four human kids have snuck into the cabaret. Westerly, Jade and Sunny all have hopes of revealing monster secrets to the world (MONSTER SECRETS). KC, the oldest of the group, breaks from his tough exterior to reveal that he longs to find his childhood monster friend, Oozy Lumpa.

Unaware of humans lurking around, the Werewolves, led by Tooth and Moonface, perform their signature Rock n' Roll number showing off their passionate and powerful howls (HOWL AT THE MOON).

The Vampires are next, but this year they're singing a different tune. Due to humans consuming too many processed foods, they've made a significant change to their diet. Vladimer, Vazel, Valexa, Vank and the rest of the Vampires reluctantly profess their new love of vegetables (WE LOVE LETTUCE).

Backstage, Sunny, in monster disguise, runs into Oozy Lumpa, a sweet but slimy monster who is longing for her childhood human friend, KC (OOZY LUMPA REPRISE). Sunny runs off, frightened.

During the next cabaret act, the Werewolves enter a friendly competition to see who has the best howl (WEREWOLF HOWL-OFF).

Meanwhile, Jade and Westerly continue excitedly filming their documentary in disguise. When KC enters, they realize they've lost Sunny! Jade and Westerly split up to go find him while KC thinks again about his long lost monster friend, Oozy (MONSTER SECRETS REPRISE).

During the Vampire's second cabaret number, they tunefully lament on one of the everyday difficulties of being a vampire in a rousing Broadway number (MY FANGS ALWAYS GET IN THE WAY).

When Sunny runs into Oozy for the second time backstage, he panics and runs away again. Oozy, left alone, sings about how it feels scaring people away and being alone (BE IN TOUCH). This grabs the attention of KC, who finally reunites with his long lost friend! (KC & OOZY LUMPA REPRISE). But now the humans have been revealed as spies! The Vampires, who's tempers have already been on the edge due to their new diet, explode into a rock anthem calling all monsters to take a stand against the humans! (STAND UP AND FIGHT)

In front of the entire Monster Cabaret, the human kids confess that their initial motives for sneaking in were selfish, but have since changed upon learning that the monsters deal with the same issues as humans. As the curtain falls, the cabaret celebrates a monster/human world no longer separated by fear but now joined in understanding and friendship! (WE ARE MONSTERS REPRISE).

**SCENE 1**

*SETTING: We're at a monster cabaret in an old abandoned theater. The stage is decorated with monster-like decorations (glowing eyes, cobwebs, etc.).*

*The curtain is closed. In front stand our two monster hosts, TARGOYLE and FARGOYLE. Lights up.*

**TARGOYLE**

Vampires, werewolves, goblins and ghouls, welcome to the annual Monster Cabaret!

**FARGOYLE**

Once again we gather in this abandoned theater to put on a show where we can freely be our monster-selves...without any humans around!

**TARGOYLE**

So feel free to let out your monster roar if you see something you like, or your monster hiss if you see something you don't like. Shall we practice? Let's hear your monster roar!

*(Audience roars.)*

Come on, you can do better than that! Let's hear your monster roar!

*(Audience roars louder. FARGOYLE jumps behind TARGOYLE.)*

**FARGOYLE**

*(Shivering as he emerges.)*

Frightening! Now, let's hear your monster hiss!

*(Audience hisses.)*

**TARGOYLE**

Ooohh, sounds like we have an incredible monster audience in the house tonight! We have a wonderful evening planned for you, so sit back...

**FARGOYLE**

...fold down your tentacles...

**TARGOYLE**

...and relax as we celebrate the fact that...

**TARGOYLE and FARGOYLE**

WE ARE MONSTERS!

(CURTAINS OPEN. Throughout the song, the monster cast gradually creep up onto stage.)

## **SCENE 2**

*(In front of the curtain. We see JADE, KC, WESTERLY and SUNNY, a group of kids that are obviously humans dressed up in very poor monster disguise. This scene is not part of the "cabaret".)*

**JADE**

*(Holding a tiny camera-like device, overdramatic.)*

Welcome to Monsters Making Music, Behind the Scenes! - the first documentary to ever take you inside the legendary Monster Cabaret, where no human has ever dared to go!

**KC**

Jade, you've really gotta stop watching reality TV.

**JADE**

*(Away from the camera.)*

Never!

*(Back to the camera.)*

Let me introduce you to our Monster Expedition Crew. Over there we have our monster expert, Westerly Temperfield. She's *(he's)* been preparing for this documentary for three years, ever since we heard that a Monster Cabaret might exist!

**WESTERLY**

*(Picking up a tiny particle from a footprint.)*

Wimpering wombat! The dirt particle resting on this footprint indicates that a pack of tiny werewolves passed through here about seventeen minutes ago!

**JADE**

Well done Westerly. And here we have Sunny. He's *(she's)* a...um...monster-expert in training!

**SUNNY**

*(Picking up some goo with a handkerchief and going toward Westerly.)*

Westerly! Westerly! Look at this! Rare monster slime!

**WESTERLY**

Oh, very interesting!

*(Westerly realizes what it really is. Leading him on...)*

Sunny, you've managed to find a handkerchief with an authentic sample of...my runny nose.

**SUNNY**

Oh. Sorry. I thought it could have been from the Slimer!

**WESTERLY**

I only wish. If my memory serves, the Slimer releases a large volume of harmless ooze that scares everyone away.

**KC**

Ew. Look, I did my part and drove you guys here. But now, if you don't mind, I'm going to go sit in the car, turn up some music and play my DS until you "monster experts" are finished doing whatever it is you came here to do.

*(He begins to leave.)*

**JADE**

No way!

**SUNNY**

You can't leave now!

**KC**

Chill! I'll drive you back when you're done. It's just that, personally, I find this whole monster stuff kind of boring.

**WESTERLY**

Boring? Boring?! How could you find monsters boring?!

You said I could get to do something special this year!

#### **MOONFACE**

Now let's get our lines straight! Come-on, werewolves, what do you think this is? Some cheap amateur night? This is our chance to shine!

#### **SNARLY**

Aw, what's the big deal? We've done this every year for the past 400 years! We could do this in our sleep!

#### **GROWLY** *(dozing off)*

Sleep...that sounds good right about now...

#### **MOONFACE**

That, my young were-pups, is exactly the kind of attitude that will get us all in trouble.

#### **FARGOYLE** *(Running onstage)*

Werewolves, hope you're ready, you're up next!

#### **PUFFY** *(running to center stage)*

We're on! We're on! Places!

#### **MOONFACE**

#### **TOOTH**

Wow, wow, what a crowd! We're gonna start things off with a couple questions.

**SNARLY**

How many of you out there like to stare at the sky?

**PUFFY**

And how many of you like to gaze at the stars?

Hi, does anyone want to practice with me?

*(The werewolves give a disgusted look, laugh to themselves, and keep walking. LUMPA sadly puts her head down. SUNNY runs by dressed as a werewolf.)*

#### **SUNNY**

I almost got attacked by some hungry vampires and I’ve got the fur sample and....

**SUNNY**

Is it poisonous?

**OOZY LUMPA**

Oh, no, I would never poison you! It's so nice to finally be making another friend. I had one, a long time ago, but ever since then I've been so lonely.

**SUNNY**

*(Kind of scared and grossed out, getting out of there quick.)*

OOZY:

The musical score is written on a single staff in treble clef with a key signature of one sharp (F#) and a 4/4 time signature. It consists of four lines of music. The first line starts with a whole rest for two measures, followed by a series of eighth and quarter notes. The second line continues with eighth and quarter notes. The third line features a half note, a quarter note, and a half note with a fermata. The fourth line begins with a half note, followed by a quarter note, and ends with a whole note. The lyrics are written below the staff, aligned with the notes.

There was at time when I was young I thought I made a

6

hu-man friend. His name was K. C. The oth-ers laughed. It brought our friend-ship

10

to an end. It was a long time a-go and I don't re-call his face, I

13

know I'll ne-ver find him in this mon-ster place.

In a musical, a song usually takes place when a character is feeling a strong emotion. What emotion is Oozy Lumpa feeling right now?

**SCENE 6**

*(Curtains open. ALL WEREWOLVES are on stage. They're hanging out in groups before their next number.)*

**WEREWOLF #1**

**WEREWOLF #2**

But we were just seeing who could howl the best!

**TOOTH**

Wait, I have an idea! Follow my lead!

*(To the audience.)*

Well, Monsters and Fiends, how are you doing out there? I said, how are you doing out there?!!

*(She gets the audience to applaud and shout.)*

Alright! Glad to hear it. As you already know, we're Werewolves, and we love to howl at the moon.

*(ALL WEREWOLVES howl).*

In fact, each of us has developed our own special howl, as you will soon see, because we're about to have the world's first WEREWOLF HOWL-OFF!

**ALL WEREWOLVES**

A werewolf howl-off?!

**TOOTH**

Yes, a werewolf howl-off! Everyone will get a chance to give their greatest howl, then we'll vote on a winner! I'll start!

*(Front of Curtain. JADE and WESTERLY are on stage.)*

**JADE**

*(Camera self-shot.)*

We're here, inside the secret lair of the monsters, and we are STILL ALIVE! We never thought we'd make it this far! In fact, pinch me.

*(Giving his arm to WESTERLY, who just looks at it.)*

PINCH ME!

*(WESTERLY shrugs and pinches him.)*

OWWWWW! Yup, I'm still alive! And you are about to get the scoop of a lifetime! Westerly, what have you got for us?

**WESTERLY**

Wimpering wombat, I found this wilted piece of *lactuca sativa* in the vampire refuse depository!

**JADE**

In English?

**WESTERLY**

*(Dryly.)*

I found a chewed up piece of lettuce in the vampires' garbage can.

**JADE**

Amazing! And what does that tell us?

**WESTERLY**

It means the vampires must have recently changed their diet! They're now vegetarian!

**JADE**

*(To the camera. Zooming in and out really fast.)*

Vegetarian vampires! Ahhhhh! Remember, folks, you saw it here first!

**WESTERLY**

*(Noticing KC offstage.)*

Hey look, here's comes KC!

*(KC enters, JADE runs up to him with the camera.)*

**JADE**

KC, what monster secrets have *you* revealed so far!?

**KC**

None. I'm ready to get out of here. I've looked everywhere for Lumpa but it's no use. Let's grab Sunny and get out of here.

**WESTERLY**

Sunny! Wimperling wombat! I haven't seen him since I asked him to go off and collect werewolf samples.

**KC**

You let Sunny go off on his own? Have you ever seen Sunny go anywhere alone without getting lost or confused or into trouble?

**WESTERLY**

You're right...We've got to find him.

**JADE**

*(To the camera.)*

Could it be!? Could KC's brother be lost forever, eaten by a rogue werewolf!

**KC**

Stop it! Can you turn off that camera for just one second! You're talking about my brother!

**WESTERLY**

I feel horrible.

**KC**

It's not your fault. Besides, I'm sure he's fine!

**JADE**

Look, let's split up and start to look for him. I'll go north! Westerly, you go south! And KC, you stay right here.

Hey guys.

**VARAH**

Hey Valex. What's new?

**VALEXA**

So I went to the dentist the other day.

**VARAH**

Dr. Vampivian?

**VALEXA**

Yep, I'm tired of getting made fun of for my small fangs, so I'm considering getting enhancements.

**VANK**

Fang enhancements! You know that goes against the vampire ethic code, right?!

**VALEXA**

And eating lettuce doesn't? Come on, it's 2011, everyone's doing it nowadays.

**VREDDY**

It's true, I can't open a magazine now without seeing a star who hasn't had his fangs enhanced.

**VAMPIRE #5**

I have an appointment with my dentist next week.

**VARAH**

I would never alter my natural beauty.

**VANNY**

Yea, you guys are crazy! In fact, I sometimes wish these things would just go away completely.

**VALISSA**

Amen! They're nothing but a burden.

**VARAH**

But life would be boring without fangs!

**VANNY**

Boring? Without fangs I'd finally be able to whistle properly.

**VANK**

And talk without a lisp!

**VALISSA**

And be able to blow up balloons without popping them!

**VARAH**

I still don't understand.

I'm sorry I let the kids make fun of you and chase you away when we were young. I've wondered about you ever since.

**OOZY LUMPA**

And I have wondered about you! I think you can take off your disguise now, KC.

**KC**

*(Taking it off.)*

Ha, yeah! I can't believe I found you! I can't wait to tell all of my human friends.

**JADE**

There are! Did I miss the party? Man, this has been the craziest cabaret I've ever...

*(ALL VAMPIRES stare with menace.)*

**VANK**

This is a conspiracy! The end of the monster world as we know it! First the humans eat too many processed foods that force us onto a lettuce diet!

**ALL VAMPIRES**

Yea!

**VANK**

Then they waltz into our monster-only cabaret to reveal our secrets!

**ALL VAMPIRES**

Yea!

**VANK**

And now they're filming us, trying to disgrace us in front of the world!

**JADE**

It's true. I admit I originally came here for selfish reasons, but after being around you I've realized that you're dealing with some of the same problems that we are.

**KC**

Everyone sometimes has the feeling of being left out and different.

**WESTERLY**

And technically we're not even *that* different. Only .097 percent of our aggregated DNA displays any sign of noticeable differentiation...
